

FACT:

BERMUDA HAS A NEW RECYCLING CENTRE

Rinse out your tin, aluminium and glass containers then put them in a **blue bag** for collection. Blue bags will be brought to this new facility for sorting. Tin and aluminium will be baled and shipped to the United States for recycling. Glass will be crushed for use in Bermuda.

Recycling the right materials is easy:
Just remember

T.A.G.
(**TIN, ALUMINIUM,
GLASS**)

Recycling is a partnership between the Government, every organisation and each resident – all of whom have a stake in Bermuda's future.
